### **Child and Youth Resource Information Page**

Dear friends,

In this congregation, we are committed to respecting and valuing each individual's contributions to our church family. Each of us has unique gifts to offer in worship, in Sunday school, and in our informal times together. Each brings a mixture of strengths and weaknesses, gifts and needs, that is also uniquely our own. Our church life is enriched when we can accept and treasure the variety among us.

This variety extends to our children and youth. Children interact with the world around them in many ways, and each child learns and grows differently. We value the uniqueness of each child, and we seek to care for and nurture them well.

As we begin a new school and church year, we solicit your input. By filling out this questionnaire, you can help us know your child better—their personality, their likes and dislikes, their strengths and areas of need. The information you offer will be a resource for the Christian Education Commission, Sunday school and youth leaders, mentors and pastors as they relate with and nurture your child.

Thank you for taking the time to do this, and feel free to add comments at the bottom if there is more you'd like to share with us. May we all be partners in the nurture of these wonderful children that God has given us!
